

Ancestry

Available only at the library

Ancestry is a genealogy database designed to help with ancestor research. It contains pedigree, Census, probate, military, and vital records, newspaper articles, and much more!

1. At BCPL's home page, click on **Information Desk** and **Research Tools**.
2. **Ancestry** and **Connect to Ancestry**.
3. Type in your ancestor's name and **Search**.
4. Click on the **green links** that appear under Search Results to view the information.

To do a more specific search, click on **Show Advanced** on the top.

You will have the best luck with ancestors who were born prior to 1900.
