

Small Engine Repair Reference Center

Home Access

The Small Engine Repair Reference Center database contains 410 reference books with repair information on ATVs, commercial mowers, farm tractors, generators, motorcycles, marine (boats), outdoor power equipment, PWC, snowblowers, snowmobiles, tillers, and other small engines.

To access this database, you must have a valid library card. Please call the reference desk at 342-2665 to verify your eligibility and to receive the appropriate User ID and Password.

1. Go to **www.bcpl.org**
2. **Information Desk** and on **Research Tools**.
3. **Small Engine Repair Reference Center** and on **Connect from home**.
4. Type in **User ID** and **Password** and click on **Login**.
5. Choose the **appropriate product**.
6. Choose the **Category**.
7. Choose the **brand name**.
8. Choose the **model name** and click on sub-model, if necessary.

The information can be printed.
