

Downloading Audiobooks to an iPod Nano

To download from BCPL's Downloadable Media

You will need to have iTunes version 9.1 or newer and OverDrive Media Console v3.2.0.5 or newer version installed on your computer prior to downloading media.

Download instructions are at the end of this document.

- To find out which version of iTunes you have installed, while iTunes is open, click on Help and then on About iTunes.
- To find out which version of the OverDrive Media Console you have installed, while it's open, click on **Help** and **About OverDrive Media Console**.

Attach your iPod Nano

1. Attach the Nano to your computer using the USB cord that came with the device.
Note: If the Autoplay window appears asking if you want to open folders, etc., click on the X to close it.
iTunes will automatically launch.
2. In iTunes, click on the iPod Nano device's name on the left under Devices.
3. On the Summary tab, make sure the 'Manually manage music...' button is checked.
Click on Apply, if necessary
4. For now, minimize iTunes by clicking on the minus button in the upper right corner.
